Stipend : 5,000 - 20,000 / Month
Industry: Saas
Department: Engineering

About AssetCues

AssetCues is a fast-growing B2B SaaS company focused on transforming how mid-market and enterprise customers manage their fixed assets. Through AI-driven automation, mobile technology, and real-time asset tracking, we enable organizations to streamline physical verification, maintain accurate asset registers, and ensure compliance and control across the asset lifecycle.

About the Role:

We are looking for a Database Developer Intern who has strong fundamentals in SQL and is eager to work on real-world, large-scale data systems. You will be working closely with our engineering team on designing, optimizing, and managing database structures for enterprise SaaS applications.

Roles and Responsibilities

- Write efficient and optimized SQL queries for data retrieval and manipulation tasks.
- Design, maintain, and manage database schemas, tables, and relationships.
- Perform query performance tuning and implement effective indexing strategies.
- Assist in developing stored procedures, database functions, and views.
- Collaborate with backend developers to integrate database logic with application systems.
- Analyze and troubleshoot database and data-related issues.

Eligibility Criteria:

1. Strong understanding of SQL fundamentals is mandatory.

2. Good knowledge of database concepts including normalization, indexing, joins, and transactions.

3. Exposure to PostgreSQL will be an added advantage.

4. Hands-on experience with backend technologies such as Java or .NET.

5. Basic understanding of APIs and backend system interactions with databases.

6. Strong problem-solving and analytical abilities.

7. Experience with large datasets or database performance optimization will be preferred.

8. Familiarity with REST APIs will be an added advantage.

9. Understanding of cloud-based databases is preferred.

Who Can Apply:

1. Are available for full time (in-office) internship

2. Are available for duration of 6 months

3. Have relevant skills and interests
